**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Keep broadband competitive, innovative, affordable, and accessible! Monopolies are not good for consumers and competition spawns new business and innovation. High speed internet access needs to be widespread and available and competition encourages broader access. Don't let innovative businesses be pushed out by lazy, bloated incumbents.
